Dear Participants and Parents:

We are excited to be renewing the opportunity to go on a service-learning trip to El Salvador sponsored by Palo Alto Friends Meeting. Participants on our earlier trips say that it was life-changing to experience the combination of traveling in a developing country, meeting the wonderful Salvadoran people, doing service, and sharing the experience with other like-minded people!

We encourage you to read through this information package and make your decision early, as we will only be able to accommodate maximum of 16 participants on this year's trip. We try to keep our groups deliberately small to build intimacy and bonding, to do worship-sharing, and also so that we can fit our entire group and their luggage into the vehicles and make sure there is space for everyone when we spend the night in private homes and local hostels.

Our trips offer a wonderful opportunity to see what it is like to live in a developing country and to learn of the role that the US has in that country's history. We will focus on visiting the communities which have projects that have been supported by Palo Alto Friends Meeting, under the oversight of Robert Broz and the El Salvador Committee since 1989. We will meet and speak with community leaders, visit schools, learn of the peace process in El Salvador, and do some volunteer work in each community. There will also be cultural experiences and some opportunities for sightseeing.

The packet contains several pages of useful information plus registration forms to complete. Please go through them carefully and let Nate Secrest or Robert Broz know if you have any questions. Total cost for this year's trip is **\$880** plus airfare. The \$880 includes all meals, accommodations, ground transportation, entry fees, language class and service project costs. The 10 day package is priced at only **\$800** for those who complete their registrations and make full payment by April 1, 2017. If interested in traveling on your own in El Salvador you should contact Nate Secrest (secrestnm@guilford.edu) to hear about post trip options as he will be staying after our service trip ends on August 2nd to explore more of the country.

For more information read on!

Accommodations:

During our stay we will be staying primarily in the hostel Centro de Arte Para La Paz (<http://capsuchitoto.org/en/>) in Suchitoto. There are bunk beds at the hostel, accommodating 2-4 people in a room with a bath that is shared between rooms. The hostel has running water and showers, but the water is generally cool. During our trip we will also have 3 nights of home-stays in the communities. We will be distributed among host families, and will be sleeping on simple beds such as mattress pads on the floor or other rustic conditions. **Because we are participating in rural living, be forewarned that we will be going to bed early and getting up early each day, even while in Suchitoto.** This will be extremely important so that we can effectively

participate in our work projects and interact with our local hosts. In the communities we can expect "outhouse" type facilities, with washing up at the outdoor "pila", or sink, and a quick body rinse in the bathing enclosure. None of our locations provides heated water for bathing. Believe me, you won't need it.

Meals and Transportation:

Meals will be very simple but food is plentiful, consisting mainly of plantains, eggs, cheese, beans, and Salvadoran style tortillas. There will be vegetarian, but not vegan, food options on the trip. Dairy-free diets can be accommodated, but not other dietary needs. People who don't enjoy fried plantains (seriously), may want to bring some packaged granola bars or snacks. For all longer distances and on major highways we will be using modern mid-size buses or vans. Both will offer A/C. Much of our local transportation will be by truck where we will be in the beds of pickup or larger trucks. We do not use any local buses during the trip and we only use drivers we have worked with in the past.

Weather:

The weather in July is hot and sticky with daily rain showers in the afternoons. Another reason to get up early and beat the heat!

Laundry: There will be laundry services available while in Suchitoto which will be offered mid trip at the hostel. You can expect to do laundry once during the 10 day trip, so you'll want to reserve a set of clothing as your work clothes.

Adults:

Our adult chaperons (Friendly Responsible Adult Presences) are from the US and from El Salvador. Our US trip coordinator, Nate Secrest, an environmental educator and Young Adult Friend from the Bay area has 10+ years working with youth and is well known within West coast Quaker communities. Nate has traveled to El Salvador several times including twice on our service-learning trips in the past. Our in-country trip coordinator, Robert Broz, has lived in El Salvador for the past 23 years and has been the El Salvador projects in country director for the past 12 years. Our projects were initiated by Robert's mother, released Friend, Carmen Broz in 1989. All of our accompanying adults are conversant in English and Spanish, work with all aspects of the program, and are prepared to assist with translation as necessary. Sarah Ludwig, a FRAP, is an environmental educator with 10+ years of experience teaching and leading trips for youth. In addition, she has medical training as a Wilderness First Responder.

Air Travel:

You should make your own air travel reservations to and from El Salvador assuring to arrive no later than 12 noon on Sunday July 23. Your return flight should be made to depart no earlier than 9am on Wed August 2nd. August 2nd is much more flexible of a day. We can arrange airport pick up and drop offs at other times but these would not be included in our trip costs. Please contact and coordinate with Nate Secrest for information of other participants flight schedules.

Suchitoto is 1-1/2 to 2 hours from San Salvador, and there will be one airport pickup on Sunday, 7/23. The travelers will be met by Robert Broz, Nate Secrest, and our drivers. Participants traveling from outside the San Francisco Bay Area will need to make arrangements with the trip coordinators to ensure that minors are traveling safely and that everyone arrives in San Salvador within a window of time that allows a single pick-up (6:00 am-12:00 pm).

Registration and Trip Payment:

Registration Opens January 20, 2017. Registrations will be first-come first served and to be counted must include completed paperwork and your deposit.

Trip Fees: \$200 participation fee is due at the time of registration, and \$100 of this payment is a non-refundable deposit. The remainder will be due by June 1st, 2017, and can be paid in one or two installments. The total of \$880 per participant includes all of the trip expenses outside of the airfare and personal extras. An early-bird rate of \$800 for the 11 day trip will be granted to those who complete all paperwork and make full payments by April 1, 2017.

January 20	Registration Opens
April 1	Early Bird Registration Due (\$800 with forms)
May 15	Deposit Due (\$200)
June 1	All Forms and Payments Due (remaining \$680)

Cancellation: If the trip is canceled by the trip organizers, your money will be refunded in full. If you should need to cancel, refunds (less the \$100 non-refundable deposit) will be dependent on our ability to find a replacement for you. No refunds will be granted after June 1. If you book your air travel independently, check with your airline as to their refund policies.

Immunizations: The best thing to do is to refer to CDC's travel information for Mexico and Central America <http://wwwn.cdc.gov/travel/default.aspx> and also contact your health care provider for immunization specifics. Be sure to get your

medical appointment a good 4-6 weeks in advance of the trip so that vaccines have a chance to take effect.

Passports: You can find the specifics for getting or renewing a passport and the application forms at: http://travel.state.gov/passport/get/get_840.html This site tells what forms you need, what kind of i.d., and what is needed for minors aged 14-17. You can also find the names of the post offices in your area which handle passport applications. You will want to begin the passport process right away.

See Also: <https://travel.state.gov/content/passports/en/country/el-salvador.html> for info on El Salvador...

Entry/Exit Requirements: To enter El Salvador, U.S. citizens must present a current U.S. passport and a one-entry tourist card; your passport must have a minimum of at least 60 days before expiration. The tourist card is obtained from immigration officials for a ten-dollar fee upon arrival in country (included in your trip payment.) Minors traveling without a parent will need a **notarized** statement stating that parents have given their permission for travel. (see permission to travel and medical form below).

Spending Money: All trip essentials will be covered in your payment, so no spending money is strictly necessary. However, there will be opportunities to use the internet, shop for snacks, local crafts, souvenirs, and laundry, and most people will want to bring \$30-50 for these. Bring more if you think you might want to buy a hammock. Street Hammock vendors can be haggled down to about \$25 per hammock. Bring money in \$1, \$5 and \$10 clean and unturned bills, many times finding change for a \$20 dollar bill can be difficult.

Additional Travel Advice

In addition to early-to-bed and early-to-rise, we will need to change some of our other daily habits, so here are things we can practice to begin to make ourselves conscious of differences in daily routines:

Don't put tap water in your mouth. We'll drink only bottled water and use it also for brushing teeth. Sticking a toothbrush under the water faucet is such a habit that most people forget and do it automatically. So try practicing for several days before you go, using bottled water instead. Then attach your toothbrush to a spare water bottle with a rubber band for the trip.

Don't put toilet paper in the toilet. Throughout Latin America - from private homes to luxury hotels - you will find a small container next to the toilet. That's where you drop the used toilet paper. The plumbing simply isn't designed to accommodate paper, and it's pretty embarrassing in someone's home to be responsible for stopping up their toilet, so start being aware. Hold on to the paper a moment and think, "I won't drop it in the toilet."

Know where your food and drink come from. The safest place to eat is at the hostel or at a private home or restaurant, and the most risky food is from a street vendor. We'll drink only bottled water from a reliable source and eat mostly thoroughly cooked hot foods. We can eat fresh fruits that we wash and peel carefully, but no salads, no lettuce and tomato in the sandwich or taco, etc., so fill up on salads before you go.

According to the CDC, traveler's diarrhea is the most common risk, and the above precautions are the best way to prevent it. It is rarely serious and usually lasts no more than 3 or 4 days. Of course this can make a 7-day trip a miserable experience, so you want to be very careful. For more information, please check out the Center for Disease Control's website www.cdc.gov/travel/. We will be carrying pepto-bismal and other anti-diarrheal medicine as part of our first-aid supplies.

Take photocopies of your passport or other ID. If you rely on prescription medications or glasses, take along a copy of the prescription. Please also indicate on the medical release form what medications you are taking. Please bring copies of your passport ID. Once we get to El Salvador, we will leave our passports locked in Robert Broz' safe and carry our copies.

Bring a friendly, flexible attitude. We will be experiencing things that may be very different from what we are used to, and it will be helpful if we can be open to these new experiences. One of our best opportunities for service will be to be patient listeners and friendly communicators across language barriers.

And, some recommended preparation...

- Please take time to look at the **El Salvador Projects website** to get a feel for the projects and their history. There are lots of photos of the communities and of previous teen trips. <https://www.pafmelsalvadorprojects.org/>
You can also visit our Facebook page at: <https://www.facebook.com/Palo-Alto-Friends-Meeting-El-Salvador-Projects>
- A fascinating read is **Witness to War: An American Doctor in El Salvador**. Charles Clements went to El Salvador during the civil war and wrote a vivid account of his experiences. You will get a good feel for what went on (and the U. S. involvement) and can imagine how the shadow of those events still affects El Salvador today.
- A **pre-trip gathering** (possibly an overnight) will be organized for west coast participants and their parents. It will be a time to meet each other, get acquainted with some Salvadoran history, and for participants and parents to ask questions. The location and date will be determined. While not required, it is a great opportunity to get to know each other and get questions answered. In the past we have had a potluck dinner, followed by an evening meeting and viewing of a film showing the life of Oscar Romero. If you cannot attend this event it is **STRONGLY** recommended that you view **Romero** on your own.

It is important that we hold a common picture of some standards for our time together. Please discuss the following conditions with your family, consider them carefully and let me know if you have any hesitation or concern about agreeing to any of them.

Because this is a time apart from the ordinary routines of our lives, it is a special opportunity to connect with others. Radios, CD players, etc. should be left at home, so that we can enter fully into the group experience.

During the trip:

1. No one will buy, possess or use alcohol, other drugs or illegal substances, or be in the presence of those who are engaging in any prohibited or illegal activity. No one will buy possess or transport items that are illegal in either El Salvador or the U. S. (fireworks, switchblades, paraphernalia, etc.)
2. This is a non-smoking trip. For the purposes of this agreement any form of tobacco will be considered an illegal substance.
3. In the event of problems, every effort will be made to contact parents/ guardians. Whether or not such contact is made, group leaders' decisions will be honored. If chaperons deem it advisable for a student to return home early – either because of a medical condition or serious breach of this agreement – parents/guardians agree to **pay all costs**.
4. Any illness or injury must be reported promptly to a **chaperon**.
5. All participants will be cooperative and prompt in arriving at meeting places, work assignments and group activities and will remain with the group unless alternate arrangements have been specifically agreed on with **chaperons**.

PARTICIPANT AGREEMENT, RELEASE AND ASSUMPTION OF RISK

In consideration of the services of Palo Alto Friends Meeting, their agents, owners, officers, volunteers, participants, employees, and all other persons or entities acting in any capacity on their behalf (hereinafter collectively referred to as "PAFM"), I hereby agree to release, indemnify, and discharge PAFM, on behalf of myself, my children, my parents, my heirs, assigns, personal representative, and estate as follows:

1. I acknowledge that my participation in construction work, hiking, and traveling in El Salvador entails known and unanticipated risks that could result in physical or emotional injury, paralysis, death, or damage to myself, to property, or to third parties. I understand that such risks simply cannot be eliminated without jeopardizing the essential qualities of the activity.

The risks include among other things: slipping and falling; falling objects; injuries from use of tools, water hazards; exhaustion; exposure to temperature and weather extremes which could cause: hypothermia, hyperthermia, (heat related illnesses), heat exhaustion, sunburn, dehydration; and exposure to potentially dangerous wild animals, insect bites, and hazardous plant life; equipment failure; and improper lifting or carrying. Furthermore, PAFM employees and volunteers have difficult jobs to perform. They seek safety, but they are not infallible. They might be unaware of a participant's fitness or abilities. They might misjudge the weather, the elements, or the terrain. They may give inadequate warnings or instructions, and the equipment being used might malfunction.

2. I expressly agree and promise to accept and assume all of the risks existing in this activity. My participation in this activity is purely voluntary, and I elect to participate in spite of the risks.

3. I hereby voluntarily release, forever discharge, and agree to indemnify and hold harmless PAFM from any and all claims, demands, or causes of action, which are in any way connected with my participation in this activity or my use of PAFM's equipment or facilities, **including any such claims which allege negligent acts or omissions of PAFM.**

4. Should PAFM or anyone acting on their behalf, be required to incur attorney's fees and costs to enforce this agreement, I agree to indemnify and hold them harmless for all such fees and costs.

5. I certify that I have adequate insurance to cover any injury or damage I may cause or suffer while participating, or else I agree to bear the costs of such injury or damage myself. I further certify that I am willing to assume the risk of any medical or physical condition I may have.

6. In the event that I file a lawsuit against PAFM, I agree to do so solely in the state of California, and I further agree that the substantive law of that state apply in that action without regard to the conflict of law rules of that state. I agree that if any portion of this agreement is found to be void or unenforceable, the remaining portions shall remain in full force and effect.

By signing this document, I acknowledge that if anyone is hurt or property is damaged during my participation in this activity, I may be found by a court of law to have waived my right to maintain a lawsuit against PAFM on the basis of any claim from which I have released them herein.

I have had sufficient opportunity to read this entire document. I have read and understood it, and I agree to be bound by its terms.
